Please forward minutes of all appropriate organizations to Visitor and Information Center Special Projects Coordinator Winona Alter, Alumni Hall Room 133.

Special Education Directors Receive Awards

Three Indiana Special Education Directors - Jeffrey Young of the Lawrence Township Metropolitan School District, Shirley Amond of West Central Joint Services in Indianapolis, and Bill McKinney of the Northeast Indiana Special Education Coop. - have received Meritorious Service Awards from the Indiana Council of Administrators of Special Education (ICASE) at the organization's Spring Conference.

In addition to the service award, Young was honored by election as Secretary to ICASE's governing board. (He served the ISD community with distinction recently on the Community Input Panel during the Superintendent selection process.)

Dr. Mahshie will also visit the California School for the Deaf - Fremont (California) later this month.

BIBI Thought for the Week:

"This movement is known in the field as inclusion and while it may work for some children with disabilities, it will further isolate a deaf child from his language mode peers, and further restrict his access to instruction."

Dr. Freeman King, Utah State University, *at the annual conference of the Association of College Educators - Deaf and Hard of Hearing - 1993*

The ISD Campus Bulletin is published weekly throughout the school year.

Submissions should be sent to:

National Missing Children Day

ISD will join a nationwide effort to locate missing or abducted children. The PTCO has agreed to pay membership dues to enable ISD to join *Abducted Children*, a national organization which publishes the *Missing Children Report.*

The publication currently has a circulation of 150,000. The organization's goal is to more than double that by May 25th, National Missing Children Day.

To accomplish that, *Abducted Children* has asked school administrators to contact 5 - 10 additional persons who want to begin receiving copies of the report. ISD Superintendent Eddy Laird has accepted responsibility for making those contacts. "I am pleased that, through PTCO's efforts, ISD can be a part of this service to help communities find missing or abducted children," the Superintendent explained.

Thanks

ISD's 0 - 3 Center staff wishes to thank the PTCO for underwriting the purchase of a high chair and playpen for the program, and send special thanks to Preschool Dorm Supervisor Marty Jernigan of Raney Hall for donating an entire box of toys.

From the Past

ISD History by Winona Alter

On ***April 25th, 1935***, an Indianapolis fireman climbed a 40 foot ladder to rescue a robin that had become entangled in a string fastened to the limb of a tree near the school building. His efforts won the heartfelt thanks of the school's younger pupils (who watched the rescue).

The same year (***1935***) a new sign was erected at the entrance to the campus. The sign read - "The Indiana State School for the Deaf. Established in 1844."

In ***1937***, The Lindy Club (presumably named after aviation pioneer Charles Lindbergh) was organized for boys interested in model airplanes.

Words With Dignity

People with a disability should be described in words and expressions that portray them with dignity. The following guidelines and terms are supported by some 200 organizations that represent or are associated with Canadians with a disability.

In general, remember -

- **describe the person, not the disability**
- **refer to a person's disability only when it is relevant**
- **avoid images designed to evoke pity or guilt**

Instead of...	Use...
Disabled, handicapped, crippled	*Person(s) with a disability*
Crippled by, afflicted with, suffering from, victim of, deformed	*Person who has..., or Person with...*
Lame	*Person who is mobility impaired*
Confined, bound restricted to or dependent on a wheelchair	*Person who uses a wheelchair*
Deaf and dumb, deaf mute, hearing impaired	*Person who is deaf, hard of hearing*
Retarded, mentally retarded	*Person with a developmental disability*
Spastic (as a noun)	*Person with Cerebral Palsy*
Physically challenged	*Person with a physical disability*
Mental patient, mentally ill, mentally insane	*Person with a mental illness, person who has schizophrenia, person who has...*
Learning disabled, learning difficulty	*Person with a learning disability*
Visually impaired (as a collective noun)	*Persons who are visually impaired, blind*

If in doubt, ask. Most people with a disability will be more than willing to help you.
